THE REGIONAL CONSULTATION ENABLED A DISCUSSION SPACE CONSISTING OF 13 SUB-GROUPS.

THE GOAL:
was to discuss the CHALLENGES and the STRATEGIES in Latin America and the Caribbean to assure that evaluation contributes to achieving the Sustainable Development Goals.

DISCUSSED THEMES

1. Main challenges faced in the region to ensure that the evaluation contribute significantly to achieving the SDGs.

2. Strategies and actions needed to address the challenges identified.

12 IDENTIFIED CHALLENGES

Most recurring challenge: Harmonization and strengthening of evaluation methodologies and processes to measure the SDGs

8 IDENTIFIED STRATEGIES AND ACTIONS

Most recurring strategies and actions: Open wide spaces for participation in the evaluation

RESULTS

Frequency of mentions of these topics in the sub-groups of discussion.

1. Harmonization and strengthening of evaluation methodologies and processes to measure the SDGs

8. Strengthening the institutional evaluation of evaluation

7. Dissemination and communication of the evaluation

6. Strengthening capacities in evaluation

5. Inclusion and empowerment of all stakeholders in the evaluation

5. Evidence-based decision making

4. Promotion of civil society in evaluations

4. Generate evaluations with a mainstreaming perspective

3. Strengthening of networking

2. Promote evaluation in contexts of crisis and conflict

2. Use of technology

2. Centralization of the evaluation results and the global agenda

7. Open wide spaces for participation in the evaluation

4. Strengthen methods for monitoring and evaluating the SDGs

1. Strengthen evaluation mechanisms at the local level

1. Strengthen evaluation capacities at all levels

1. Mainstream the SDGs in development plans

1. Generate diagnoses on the status of the evaluation at the local and regional level

1. Consolidate an evaluation ecosystem in the region

1. Follow-up on actions

CONCLUSIONS

THE CONSULTATION IDENTIFIED

MAIN CHALLENGES faced by evaluators in the region.

The issues identified can draw a ROAD MAP along with the diverse regional actors, to accelerate the progress towards the SDGs.
